

Award for Nature Photography

Young scientists and amateur photographers (below 30yrs) are invited to contribute colour/ B&W and /or slides depicting plants, their habit, life, diversity, adaptations, reproduction, interactions and uses. The photographs will be judged by experts for their aesthetics, technical content and novelty of expression.

Winner will receive a cash award of Rs. 1000.

DUBS AWARD for Best articles in The Botanica contributed by young scientists

Articles, contributed independently by young scientists, researchers or teachers (below 35yrs), on topics of absorbing interest in plant sciences, will be judged for the quality of text and illustrations by a committee of senior faculty members of the Department of Botany, University of Delhi.

Two best articles will be selected for award from DUBS. Winners for the Best article and Second Best article will receive a cash award of Rs. 1000, respectively. The best articles (along with others found suitable) will be published in The Botanica.

Award for contribution for the cover Image

DUBS welcomes interesting images to publish on the cover and is particularly interested in original work by people within the botanist community. This includes images on important issues in plant sciences, particularly those related to diversity, physiology, reproductive biology, and biotechnology. Photographic submission must be high-resolution digital image that is sharp and properly exposed. The image should be accompanied by a basic caption information. Previously published figures must be accompanied by written permission to reprint from the publisher, with sources cited.

The contribution, if selected, will feature on the cover of the forthcoming volume of The Botanica and the contributor will receive a cash prize of Rs.1000.

All entries/ contributions should be sent to
